Vacuum Furnace Spare Parts

Replacement parts for your vacuum furnace

Reliability at Work

VACUUM FURNACE REPLACEMENT PARTS

AFC-Holcroft now offers quality replacement vacuum furnace spare parts designed, manufactured, and compatible with most manufacturers' vacuum furnace equipment. Our replacement parts meet specifications and provide the same reliability as the components built into your original equipment. Whether you operate vacuum or atmosphere-based heat treat equipment, AFC-Holcroft has competitive prices for **all** your furnace spare parts needs.

AFC-Holcroft offers a variety of replacement vacuum parts including:

- Machined graphite components
- Vacuum pumps
- Pump repair kits
- Valves
- Vacuum seals and fittings
- Thermocouples
- Vacuum gauges and pressure transducers
- Molybdenum components
- Rigid graphite board and felt
- CFC components
- And more

Butterfly Valve
